## STRATEGIC TECHNOLOGY CONSULTING

Fractional / Interim CIO

Environmental Impact Projects

Startup and Growth Company Advisory

### OVERVIEW

At Taffet Associates, our mission is to help transform your business strategy through technology, improved processes, and procedures to plan for growth and change to stay in front of the competition. We provide strategic technology consulting across diverse platforms.

By working with us, you get the big company capabilities with boutique-like care. Taffet Associates focuses on long-term relationships, client success, and an unwavering desire for the highest quality service.

### HOW CAN WE HELP

- Remote, Fractional, and Interim CIO Services
- CIO Advisory
- Business Process Evaluation
- Development of scalable processes and procedures
- Software and Hardware Evaluation, Selection, Negotiation, and Implementation
- Staff and New Hire Evaluation
- Integration of Systems and Companies
- Regulatory and Government Compliance
- Merger and Acquisition (M&A) Due Diligence
- Cybersecurity Audits and risk analysis

### WE ARE THE RIGHT FIT IF

- Your company requires a CIO
- An assessment is required for your company
- You are looking to improve profitability, accountability, and governance
- Your current team needs strategic leadership
- Selecting the right software to align with business strategy and goals
- Outside perspective from a proven experienced leader
- Considering or having gone through a merger or acquisition
- An urgent problem requires immediate leadership attention
- Your company is growing rapidly without a long-term IT plan
- Your CIO is having trouble building consensus among the business for key projects
- Strong technology leadership is needed but a full-time employee is not available or affordable

### INDUSTRIES SERVED

Technology, Management, Business, Industry, and Operational Systems Experience in Multiple Industries including Retail, Finance, Manufacturing, Energy, Non-profit, Printing, Steel, Blue Tech, and Software Dev.
